#### **BIDDERS' QUESTIONS AND ANSWERS:**

The responses to bidders questions are located on the **CONTRACT VIEWER, NOTES**. The responses are furnished for bidder information only, and do not alter the solicitation's drawings or specifications unless changes to specific drawings or specifications are issued by an amendment. These responses will not become a part of the contract if and when a contract is awarded. □

#### **CHANGES TO STANDARD FORM 1442**

1. First Page, Item No. 13.A.- In the second line, change the Receipt of Proposal date from "27 JULY 2000, 4 p.m. local time" to "01 AUGUST 2000, 4 p.m. local time".

#### **CHANGES TO THE BIDDING SCHEDULE**

2. Replace the Bidding Schedule, with the accompanying new Bidding Schedule, bearing the notation "ACCOMPANYING AMENDMENT NO. 0004 TO DACA63-00-R-0020."

#### **CHANGES TO WAGE RATES**

3. Wage Rates.- Replace Wage Rate pages 00710-1 through 00710-88 with the attached pages 00710-1 through 00710-96, each page bearing the notation "ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020."

#### **CHANGES TO SECTION 00700 CONTRACT CLAUSES**

4. Re-stating Clause No. 52.228-1, Subparagraph (c):

##### **"52.228-1, BID GUARANTEE (SEP 1996)**

"(c) The amount of the bid guarantee shall be "20% percent of the "bid" price OR \$3,000,000 whichever is less."

#### **CHANGES TO THE SPECIFICATIONS**

5. Write-in Changes to Section 00220: **Revise the original scope of work for Proposed Task Order as follows.**

(1) **Replace** "Page 4 of 5" with "Revised Page 4 of 5" dated July 20, 2000.

(2) **Add** the following attachments (a)"Equipment Schedule," (b)Transformer/Pedestal Detail," and (c) "Service Diagram." Concrete pads may be either site fabricated or factory fabricated.

(3) Clarification: The intent is to dead end the new Secondary Feed Conductors to the Line Side of the New Combination Safety Switch/Meter Device. The New "Future Panel and associated Secondary Feeder Wiring" is to be furnished/installed by others by separate Contract.

(4) As-built drawings depicting site utilities (electrical, water, sanitary sewer, storm sewer, and gas) and irrigation system in the subject area are attached (**attached to Section 00220**) as DGN files and .cal files.

c-22.cal Seq 24 C-22 STORM DRAIN PLAN  
c-49.cal Seq 52 C-49 UTILITY PLAN  
c-66.cal Seq 69 C-66 SITE ELECTRICAL DISTRIBUTION  
I-2.cal Seq 95 L-2 IRRIGATION PLAN

See below for depth of existing utilities.

Water 36" minimum (min.).  
Sanitary Sewer: Non-paved area 30" min.  
Paved area 36" min.  
Gas : Non-paved area 24" min.  
Paved area 36" min.  
Street lighting laterals 24" min.  
Irrigation 12" min.

(5) The new primary cable will be installed in 4-inch Type EB conduits encased in a 3" concrete envelope, with 36" minimum cover on the concrete encasement. Building service laterals will be installed in direct buried 2-inch Schedule 40 PVC conduit, no concrete encasement is required.

(6) Separate conduits will be required for each of the primary feeders. One spare conduit with pull cord along entire runs (primary and building service laterals), and two additional spare conduits at road crossings, capped 5' beyond edge of pavement, will also be required.

(7) Clarification: The Contractor is not required to furnish the meters for the new meter sockets indicated. However, CU bypass and opaque cover are required as indicated.

(8) Cutting and patching will be allowed where new underground primary and service laterals cross streets, walkways, and bike/jogging paths.

(9) Patching of existing streets, walkways, and bike/jogging paths will match pavement sections of existing streets, walkways, and bike/jogging paths. Pavement sections of existing streets, walkways, and bike/jogging paths are as follows:

Streets – 40' wide including curb and gutter (non-reinforced)  
2" A.C. Pavement Surface Course w/Prime Coat  
6" Aggregate Base Course 100% Compaction  
6" Non-Expansive Subgrade 95% Compaction  
6" Non-Expansive Subgrade 90% Compaction

Walkways – 4' wide  
4" Concrete with 6"x 6" W2.9xW2.9  
6" 85% Compacted Subgrade

Bike/Jogging Paths – 8' wide  
2" A.C. Pavement Surface Course w/Prime Coat  
4" Aggregate Base Course 100% Compaction  
6" Non-Expansive Subgrade 90% Compaction

## BIDDING SCHEDULE (cont)

## ACCOMPANYING AMENDMENT 0004

**NOTES:**

1. The contract awarded pursuant to this Request for Proposal (RFP) is a hybrid contract. The intent will be to award one (1) Indefinite-Delivery-Indefinite-Quantity (IDIQ) type contract for construction and services.
2. The labor category rates reflected in the Bid Schedule are the prime contractor's rates to be used in preparing proposals for task orders. The prime contractor shall consent to subcontract on time-and-material task orders as outlined in Federal Acquisition Regulation (FAR) 52.244-2 "SUBCONTRACTS (TIME-AND-MATERIALS AND LABOR HOUR CONTRACTS)".
3. TIME-AND-MATERIAL (T&M) TASK ORDERS: When T&M orders are required, the Government may issue them unilaterally (without the Contractor's signature) against this contract. The Contracting Officer will issue a task order stating the effort to be accomplished necessary to complete the work, with a not-to-exceed cost. Subcontracts, consultants, materials, and equipment shall be billed and will be paid for in accordance with FAR 22.232-7 "PAYMENTS UNDER TIME -AND- MATERIALS AND LABOR HOUR CONTRACTS ".
4. FIXED-PRICE TASK ORDERS: Payment will be made pursuant to FAR 52.232-5, "PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS ". Partial payments are authorized based on agreement by the Contractor and the Government of the percentage of work completed.
5. LABOR: All labor rates offered in the Bid Schedule shall be fully burdened, including but not limited to the following:
  - a. Wages
  - b. Overhead and General & Administrative (G&A) Costs
  - c. Profit
  - d. Contract requirements (e.g., Subcontracting Plan management, Quality Control Plan, Safety and Health Plan, Environmental Plan, Pre-Construction Conference)
  - e. Risk of lower than expected contract dollar volume
  - f. Risk of poor subcontractor performance and re-performance
  - g. Other risks associated with doing business with the Government
  - h. Mobilization and demobilization cost to the Contractor's organization (associated with the contract)

Labor rates shall be firm and shall not be subject to any escalation, except as allowed by the contract. Qualification standards for labor categories are set forth in SECTION 00900.

6. APPLICATION OF THE SERVICE CONTRACT ACT (SCA) AND DAVIS BACON ACT (DBA) PROVISIONS: When task orders are issued, they will be categorized as either service or construction. If the task order is for services, the services clauses and provisions, including the wage rate determination for the appropriate area of work, will apply. If the task order is for construction, the construction clauses and provisions, including the general wage decision for the appropriate area of work, will apply. Service Contract Act (services) wage rates will be updated annually, and the Government will provide the Contractor with a copy of the revised rates. Davis-Bacon Act (construction) wage rates will not be updated during the life of the contract. To simplify identification, the Bid Schedule labor categories have been segregated into two (2) categories – construction and services. SCA and DBA wage rates do not apply to the four (4) professional level wage classifications.

7. Although all contract line item numbers (CLINS) show an estimated quantity, the actual quantity will

## BIDDING SCHEDULE (cont)

## ACCOMPANYING AMENDMENT 0004

be on an "as required" basis. The quantities specified in the Bid Schedule are estimates for the purpose of evaluation only (to keep Offerors on equal footing during the solicitation phase) and are not purchased by the award of any contract.

8. OBLIGATION OF FUNDS: This is an IDIQ contract; therefore, only the Guaranteed Minimum amount for the Base Period will be obligated with the award of the contract. After the contract is awarded, the accounting and classification appropriation data will be cited and funds will be obligated on each subsequent task order issued against the contract. The Government may elect to issue a task order (large enough to cover the guaranteed minimum) simultaneously with the award of this contract. If that happens, the task order will suffice as the guaranteed minimum.

9. LABOR RATES FOR WORK OUTSIDE PRIMARY PLACE OF PERFORMANCE. The Department of Labor has provided SCA and DBA labor rates for Bexar County (primary place of performance on this contract). If work is required in other counties (any location outside Bexar County but within the geographic boundaries of the U.S. Army Corps of Engineers – Southwestern Division), the Government will provide the Contractor with the applicable labor rates for these counties together with a request for a proposal, and both parties will negotiate a price for that task order.

10. ITMRA PROCUREMENT AUTHORITY: This action is not being conducted under the Information Technology Management Reform Act (ITMRA) of 1996. However, any task orders and modifications requiring Information Technology (IT) resources will be conducted in accordance with the ITMRA.

## 11. ARITHMETIC DISCREPANCIES: (JUL 1989)

a. For the purpose of the initial evaluation of proposals, the following will be utilized in resolving arithmetic discrepancies found on the face of the Bid Schedule as submitted by offerors:

- (1) Obviously misplaced decimal points will be corrected;
- (2) Discrepancy between unit price and extended price, the unit price will govern;
- (3) Apparent errors in extension of unit prices will be corrected;
- (4) Apparent errors in addition of lump-sum and extended prices will be corrected.

b. For the purpose of offer evaluation, the Government will proceed on the assumption that the offeror intends his offer to be evaluated on the basis of the unit prices, the totals arrived at by the resolution of arithmetic discrepancies as provided above and the offer will be so reflected on the abstract of offers.

c. These correction procedures shall not be used to resolve any ambiguity concerning which bid is low.

12. If a modification is submitted which provides for a lump sum adjustment to the total estimated cost for an offer based on unit prices, the application of the lump sum adjustment to each unit price in the Bid Schedule must be stated. If it is not stated, the offeror agrees that the lump sum adjustment shall be applied on the pro rata basis to every unit price in the Bid Schedule.

13. Offerors must submit an offer on all contract line items for the base period.

## 14. EVALUATION OF OPTIONS USING ECONOMIC PRICE ADJUSTMENT FACTOR:

- a. Cost and price evaluation of proposals, for the purpose of contract award, will be based upon the Base Period (ALL CLINS) and Professional Categories Line Items for each Option Period (including the documentation provided to support the prices proposed).

## BIDDING SCHEDULE (cont)

## ACCOMPANYING AMENDMENT 0004

- b. By submitting a proposal on this solicitation, offeror agrees to be bound by the economic price adjustment factor for the Option Periods for CLINS 0101 through 0447 when they are exercised. (Explanation of calculation follows):

FAR 52.236-4243 SLI "ECONOMIC PRICE ADJUSTMENT FACTOR FOR OPTION YEARS"  
Adjustment to the Base Period unit prices for all Option Periods will be in accordance with the following equation:

$$P1 = P \times f$$

Where P1 = New Unit Price

P = Unit Price for Base Period of Contract

F = Index Factor

The index factor, "F", is the Skilled Labor Index as published in the ENR Magazine under Skilled Labor Index Review. ENR Magazine was formerly called Engineering News Record. The Skilled Labor Index Review is published monthly. The change in the index will be applied to all labor rates specified in the Bid Schedule of the contract at the time the Option(s) is/are exercised. Any Offeror who submits a proposal in response to this Request for Proposal (RFP) agrees, by that submission, to be bound by this index. Example Calculation:

Base Period Contract awarded: February 1996  
Option Period exercised: November 1996  
Unit Price for Base Period was \$1.50

Skilled Labor Index (Feb 96)	5020
Skilled Labor Index (Nov 96)	5141

$$F = 5141 \text{ (the 2d date) divided by } 5020 \text{ (the 1st date)} = 1.024$$

$$\$1.50 \text{ (P)} \times 1.024 \text{ (F)} = \$1.54 \text{ (P1) per unit}$$

If the number was negative (-1.24), then the labor rates would be adjusted to show a decrease in the labor rate. Factor will be applied to both construction and service Base Period rates (for calculation of Option Period One rates) and both construction and service Option Period One rates (for calculation of Option Period Two rates). No new General Wage Decisions will be incorporated during the life of the contract, so construction wage rates will not be revised during the life of the contract except for adjustment relating to the Economic Price Adjustment Factor which governs the price of the contract for the Option Periods. However, service rates may be further revised (after the factor has been applied) if the Department of Labor issues revised Wage Rate Determinations that require an adjustment be made to the contract. SCA (service) wage rates will be updated annually, and the Contractor shall at least pay his employees the rates on the applicable Wage Rate Determination. The economic price adjustment factor does not apply to the four (4) professional level wage classifications. Offerors shall complete a separate Bid Schedule for each of the Option Periods for these "professional" employees.

15. OPTIONS: The Government reserves the right to exercise the option periods in one of two ways – either based on time (length of contract period) or based on dollars obligated per contract period, whichever occurs first.

BIDDING SCHEDULE (cont)

ACCOMPANYING AMENDMENT 0004

- a. **TIME**---- Each Option Period will not exceed 365 days after the date the Option is exercised. **Total Contract duration (Base Period plus all Option Periods) may be less than, but will not exceed 60 months after date of award.**
- b. **DOLLARS OBLIGATED** ---- The estimated value of a particular Contract Period may be exceeded, but total contract amount shall not exceed \$14.9 million (base period + all option periods). (See Section 00800, CONTRACT VALUE”.)

16. OTHER THAN NORMAL WORKING HOURS. It is estimated that **five percent (5%)** of the estimated maximum dollar amount of this contract will be accomplished during other than normal working hours (e.g., in the evening, at night or on the weekends). The Government does not consider these hours to be overtime unless the employee has already worked 40 hours during the same week.

17. The Prime Contractor’s general & administrative cost, overhead, and profit for CLINS 0006, 1006, 2006, 3006 and 4006 (SUBCONTRACTOR & CONSULTANTS) and CLINS 0007, 1007, 2007, 3007 and 4007 (MATERIALS AND EQUIPMENT) will be negotiated for each task order as allowed by Federal Acquisition Regulations (FAR).

18. DOWNTIME: Downtime (CLINS 0010, 1010, 2010, 3010 and 4010) shall be defined as delays in excess of one (1) hour at a given period, **caused** by the Government **through** no fault of the contractor.

a. Measurement:

- (1) Downtime will be measured by the unit time-of-the-clock hour which will include all contractor and subcontractor (at any tier) work forces scheduled for, or working during the hour.
- (2) No delays less than one (1) hour in duration at any given period will be measured nor considered for downtime, nor will delays of less than one (1) hour be cumulative over several time periods.
- (3) Downtime will not be measured/considered for delays before or after contract work schedule hours as defined in the considered down time.
- (4) No time after 10 minutes from the time that contractor is notified that he can resume work after a stoppage will be considered downtime.

**Am 0004**

- b. **Cost of Downtime may be negotiated as a modification to any task order where downtime is encountered.**
- c. **PAYMENT: Payment for downtime will be associated with contract DOWNTIME CLINS 0010, 1010, 2010, 2010, 3010, and 4010** as shown on the Bid Schedule in accordance with Section 00700, PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS.

19. CLARIFICATION AND COMMENTS PERTAINING TO THE SCHEDULE: Contract Line Item Numbers (CLINS) in the Bid Schedule are subject to the following clarifications:

EXAMPLE

<u>ITEM NO.</u>	<u>UNIT</u>	<u>CLARIFICATION</u>
0001	HR	COSTS PER HOUR, AS OUTLINED IN SECTION 0010, “LABOR RATES”
0008	LS	COST OF EACH UNIT OF INITIAL BONDING

SPECIAL NOTICE TO OFFERERS WITH REGARD TO SUBJECT PROJECT  
SOLICITATION/AWARD AND THE SERVICE CONTRACT ACT AND DAVIS-BACON ACT  
WAGE DETERMINATIONS (DECISIONS) INCORPORATED THEREIN:

Please note that only those Wage Decisions/Rates applicable to Fort Bliss (El Paso County), Texas and White Sands Missile Range (Dona Ana, Lincoln, Otero, Sierra and Socorro Counties), New Mexico have been incorporated within the solicitation/award. This action has been taken due to the preponderance of Delivery/Task Orders anticipated to be issued for those installations within these specific Counties under this solicitation/award.

In accordance with FAR 22.404-9, Award of Contract Without Required Wage Determination, if a Delivery/Task Order is issued for any area, within the geographic boundaries of the U.S. Army Corps of Engineers, other than those counties for which the applicable wage determinations have been incorporated - then that wage decision(s) will be incorporated by contract modification and contract pricing equitably adjusted.

**APPLICATION OF WAGE DECISIONS**

**NOTE:**

**(1) PAYROLL RECORDS ARE REQUIRED, UNDER THE DAVIS-BACON ACT, TO BE SUBMITTED TO THE U.S. ARMY CORPS OF ENGINEERS FOR ALL CONSTRUCTION WORK PERFORMED.**

**(2) THE WAGE DECISION/TASK ORDER NUMBER APPLICABLE TO THE WORK PERFORMED IS TO BE SHOWN ON ALL THE CERTIFIED PAYROLL RECORDS SUBMITTED.**

**Applicability of Service Contract Act (SCA) VS Davis-Bacon Act (DBA) Wage Determinations:**

Some contract work may be characterized as either DBA painting/repairs or SCA maintenance. For example, either the DBA or the SCA could cover replacing broken windows, spot painting, or minor patching of a wall. In those instances where a contract service call or order requires construction trade skills (i.e., Carpenter, Plumber, Painter, etc.) but it is unclear whether the work required is SCA maintenance or DBA painting/repairs, apply the following rules---

- (1) Individual service calls or orders which will require a total of 32 hours or more work hours to perform shall be considered to be repair work subject to the DBA.
- (2) Individual service calls or orders which will require less than 32 work hours to perform shall be considered to be maintenance subject to SCA.
- (3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the DBA regardless of the total work hours required.
- (4) Any questions the Prime Contractor may have regarding SCA vs. DBA applicability to the payroll records must be addressed to the U.S. Army Corps of Engineers District Labor Advisor.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$1.92 an hour or \$76.80 a week or \$332.80 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* NOTES APPLYING TO THIS WAGE DETERMINATION \*\***

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020  
Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$1.92 an hour or \$76.80 a week or \$332.80 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, and 4 after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:  
The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* NOTES APPLYING TO THIS WAGE DETERMINATION \*\***

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020  
level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$1.92 an hour or \$76.80 a week or \$332.80 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* NOTES APPLYING TO THIS WAGE DETERMINATION \*\***

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020  
Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

FOOTNOTE:

\*\*LIGHT COMMERCIAL DEFINITION

Construction, erection, alteration, repair, modification, addition to or improvement in whole or in part of structures for which the major support system is wood frame construction and will also include all apartments over 4 stories, all convenience stores, fast food restaurants, automobile service stations & motels up to 2 stories high.

-----  
WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.  
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

-----  
In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can  
be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a  
position on a wage determination matter
- \* a conformance (additional classification and rate)  
ruling

On survey related matters, initial contact, including requests  
for summaries of surveys, should be with the Wage and Hour  
Regional Office for the area in which the survey was conducted  
because those Regional Offices have responsibility for the  
Davis-Bacon survey program. If the response from this initial  
contact is not satisfactory, then the process described in 2.)  
and 3.) should be followed.

With regard to any other matter not yet ripe for the formal  
process described here, initial contact should be with the Branch  
of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an  
interested party (those affected by the action) can request  
review and reconsideration from the Wage and Hour Administrator  
(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the  
interested party's position and by any information (wage payment

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020  
data, project description, area practice material, etc.) that the  
requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an  
interested party may appeal directly to the Administrative Review  
Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.  
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

-----  
In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

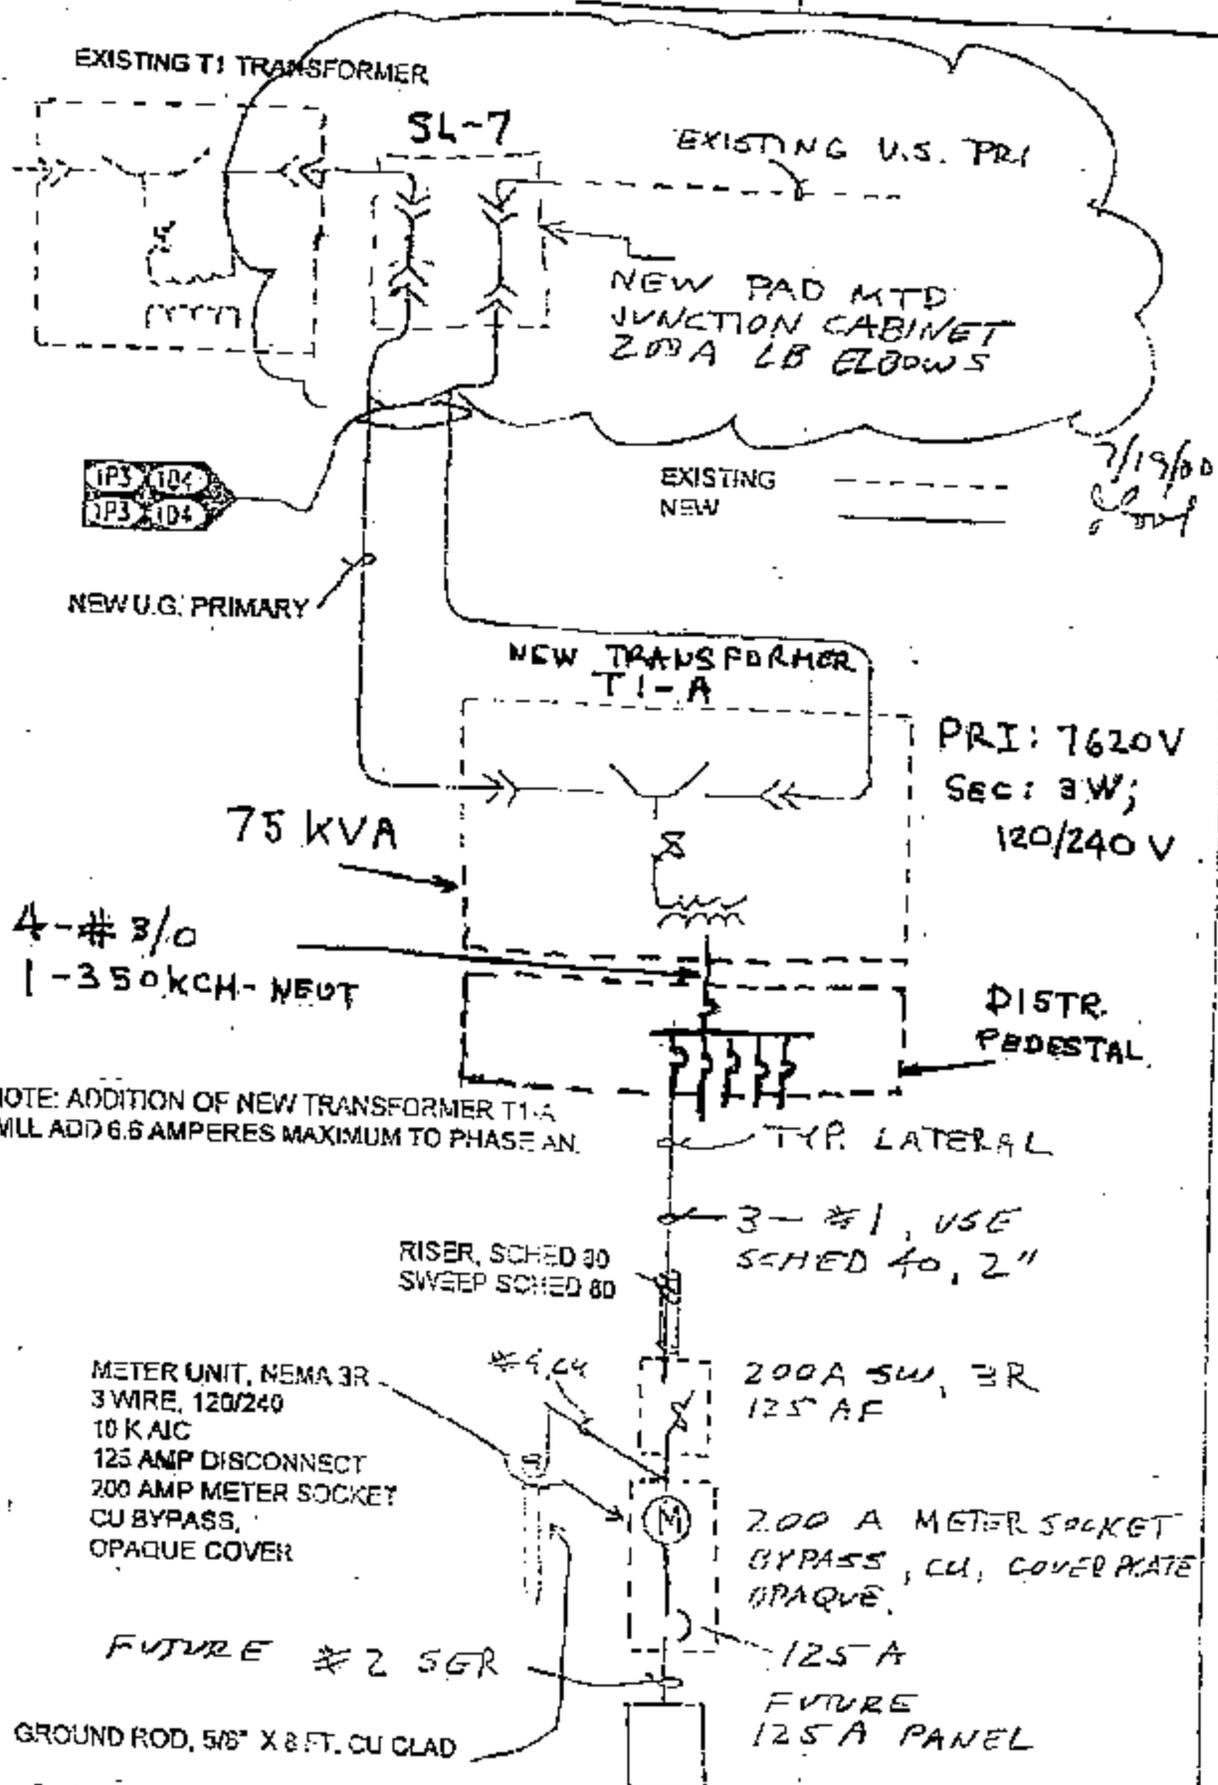

ACCOMPANYING AMENDMENT NO. 0004 TO SOLICITATION NO. DACA63-00-R-0020

4.) All decisions by the Administrative Review Board are final.
