PRICE PROPOSAL SCHEDULE (cont)

NOTES:

1. This Request for Proposal will result in the award of a single Fixed Priced Indefinite Delivery/Indefinite Quantity (IDIQ) contract for construction and services.
2. The labor category rates reflected in the Price Proposal Schedule are the prime contractor's rates to be used in preparing proposals for task orders.
3. **FIXED-PRICE TASK ORDERS:** Payment will be made pursuant to FAR 52.232-5, "PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS ". Partial payments are authorized based on agreement by the Contractor and the Government of the percentage of work completed.
4. **LABOR:** All labor rates offered in the Price Proposal Schedule shall be fully burdened, including but not limited to the following:
 - a. Wages
 - b. Overhead and General & Administrative (G&A) Costs
 - c. Profit
 - d. Contract requirements (e.g., Subcontracting Plan management, Quality Control Plan, Safety and Health Plan, Environmental Plan, Pre-Construction Conference)
 - e. Risk of lower than expected contract dollar volume
 - f. Risk of poor subcontractor performance and re-performance
 - g. Other risks associated with doing business with the Government
 - h. Mobilization and demobilization cost to the Contractor's organization (associated with the contract)

Labor rates shall be firm and not be subject to any negotiated changes.

5. **APPLICATION OF THE SERVICE CONTRACT ACT (SCA) AND DAVIS BACON ACT (DBA) PROVISIONS:** When task orders are issued, they will be categorized as either service or construction. If the task order is for services, the services clauses and provisions, including the wage rate determination for the appropriate area of work, will apply. If the task order is for construction, the construction clauses and provisions, including the general wage decision for the appropriate area of work, will apply. Service Contract Act (services) wage rates and Davis Bacon Act (construction) wage rates will be updated annually, and the Government will provide the Contractor with a copy of each revised rate. To simplify identification, the Price Proposal Schedule labor categories have been segregated into two (2) categories – construction and services. SCA and DBA wage rates do not apply to the three (3) professional level wage classifications.
6. Although all contract line item numbers (CLINS) show an estimated quantity, the actual quantity will be on an "as required" basis. The quantities specified in the Price Proposal Schedule are estimates for the purpose of evaluation only (to keep Offerors on equal footing during the solicitation phase) and are not purchased by the award of any contract.
7. **OBLIGATION OF FUNDS:** This is an IDIQ contract; therefore, only the Guaranteed Minimum amount for the Base Period will be obligated with the award of the contract. After the contract is awarded, the accounting and classification appropriation data will be cited and funds will be obligated on each subsequent task order issued against the contract. The Government may elect to issue a task order (large enough to cover the guaranteed minimum) simultaneously with the award of this contract. If that happens, the task order will suffice as the guaranteed minimum.

PRICE PROPOSAL SCHEDULE (cont)

8. ITMRA PROCUREMENT AUTHORITY: This action is not being conducted under the Information Technology Management Reform Act (ITMRA) of 1996. However, any task orders and modifications requiring Information Technology (IT) resources will be conducted in accordance with the ITMRA.

9. ARITHMETIC DISCREPANCIES: (JUL 1989)

a. For the purpose of the initial evaluation of proposals, the following will be utilized in resolving arithmetic discrepancies found on the face of the Price Proposal Schedule as submitted by offerors:

- (1) Obviously misplaced decimal points will be corrected;
- (2) Discrepancy between unit price and extended price, the unit price will govern;
- (3) Apparent errors in extension of unit prices will be corrected;
- (4) Apparent errors in addition of lump-sum and extended prices will be corrected.

b. For the purpose of offer evaluation, the Government will proceed on the assumption that the offeror intends his offer to be evaluated on the basis of the unit prices, the totals arrived at by the resolution of arithmetic discrepancies as provided above and the offer will be so reflected on the abstract of offers.

c. These correction procedures shall not be used to resolve any ambiguity concerning which bid is low.

10. If a modification is submitted which provides for a lump sum adjustment to the total estimated cost for an offer based on unit prices, the application of the lump sum adjustment to each unit price in the Price Proposal Schedule must be stated. If it is not stated, the offeror agrees that the lump sum adjustment shall be applied on the pro rata basis to every unit price in the Price Proposal Schedule.

11. Offerors must submit an offer on all contract line items for the base period.

12. EVALUATION OF OPTIONS USING ECONOMIC PRICE ADJUSTMENT FACTOR:

- a. Cost and price evaluation of proposals, for the purpose of contract award, will be based upon the Base Period (ALL CLINS) and Professional Categories Line Items for each Option Period (including the documentation provided to support the prices proposed).
- b. By submitting a proposal on this solicitation, offeror agrees to be bound by the economic price adjustment factor for the Option Periods for CLINS 0101 through 0447 when they are exercised. (Explanation of calculation follows):

FAR 52.236-4243 SLI "ECONOMIC PRICE ADJUSTMENT FACTOR FOR OPTION YEARS"
Adjustment to the Base Period unit prices for all Option Periods will be in accordance with the following equation:

$$P1 = P \times f$$

Where P1 = New Unit Price

P = Unit Price for Base Period of Contract

F = Index Factor

The index factor, "F", is the Skilled Labor Index as published in the ENR Magazine under Skilled Labor Index Review. ENR Magazine was formerly called Engineering News Record. The Skilled Labor Index Review is published monthly. The change in the index will be applied to all labor rates specified

PRICE PROPOSAL SCHEDULE (cont)

in the Price Proposal Schedule of the contract at the time the Option(s) is/are exercised. Any Offeror who submits a proposal in response to this Request for Proposal (RFP) agrees, by that submission, to be bound by this index. Example Calculation:

Base Period Contract awarded: February 1996
 Option Period exercised: November 1996
 Unit Price for Base Period was \$1.50

Skilled Labor Index (Feb 96) 5020
 Skilled Labor Index (Nov 96) 5141

$F = 5141$ (the 2d date) divided by 5020 (the 1st date) = 1.024

$\$1.50$ (P) x 1.024 (F) = $\$1.54$ (P1) per unit

If the number was negative (-1.24) then the labor rates would be adjusted to show a decrease in the labor rate. Factor will be applied to both construction and service Base Period rates (for calculation of Option Period rates). Service Contract Act (services) and Davis Bacon Act (construction) wage rates will be updated annually, and the Contractor shall at least pay his employees the rates on the applicable Wage Rate Determination. The economic price adjustment factor does not apply to the three (3) professional level wage classifications. Offerors shall complete a separate Price Schedule for each of the Option Periods for these "professional" employees.

13. OPTIONS:

- a. TIME – Each Period will not exceed 365 days after the date the Option is exercised. **Total Contract duration (Base Period plus all Option Periods) may be less than, but will not exceed 60 months.**
- b. DOLLARS OBLIGATED: The estimated value of a particular Contract Period may be exceeded, but total contract amount shall not exceed \$14.9 million (base period + all option periods). (See Section 00800, CONTRACT VALUE.)

14. OTHER THAN NORMAL WORKING HOURS. It is estimated that **five percent (5%)** of the estimated maximum dollar amount of this contract will be accomplished during other than normal working hours (e.g., in the evening, at night or on the weekends). The Government does not consider these hours to be overtime unless the employee has already worked 40 hours during the same week.

15. The Prime Contractor's general & administrative cost, overhead, and profit for CLINS 0005, 1005, 2005, 3005 and 4005 (SUBCONTRACTOR & CONSULTANTS) and CLINS 0006, 1006, 2006, 3006 and 4006 (MATERIALS AND EQUIPMENT) will be negotiated for each task order as allowed by Federal Acquisition Regulations (FAR).

16. DOWNTIME: Downtime (CLINS 0009, 1009, 2009, 3009 and 4009) shall be defined as delays in excess of one (1) hour at a given period, **caused** by the Government **through** no fault of the contractor.

a. Measurement:

- (1) Downtime will be measured by the unit time-of-the-clock hour which will include all contractor and subcontractor (at any tier) work forces scheduled for, or working during the hour.

PRICE PROPOSAL SCHEDULE (cont)

- (2) No delays less than one (1) hour in duration at any given period will be measured nor considered for downtime, nor will delays of less than one (1) hour be cumulative over several time periods.
 - (3) Downtime will not be measured/considered for delays before or after contract work schedule hours as defined in the considered down time.
 - (4) No time after 10 minutes from the time that contractor is notified that he can resume work after a stoppage will be considered downtime.
- b. Cost of Downtime may be negotiated as a modification to any task order where downtime is encountered.
 - c. PAYMENT: Payment for downtime will be associated with contract DOWNTIME CLINS 0009, 1009, 2009, 3009, and 4009 as shown on the Price Proposal Schedule in accordance with Section 00700, PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS.

17. CLARIFICATION AND COMMENTS PERTAINING TO THE SCHEDULE: Contract Line Item Numbers (CLINS) in the Price Proposal Schedule are subject to the following clarifications:

EXAMPLE

<u>ITEM NO.</u>	<u>UNIT</u>	<u>CLARIFICATION</u>
0001	HR	COSTS PER HOUR, AS OUTLINED IN PARAGRAPH 4, "LABOR RATES"
0008	LS	COST OF EACH UNIT OF INITIAL BONDING
0009	1K	COST OF ADDITIONAL BONDING, PER \$1,000 TO BE ISSUED ON INDIVIDUAL TASK ORDERS
0010	UH	UNIT HOUR, AS OUTLINED IN PARAGRAPH 16 "DOWNTIME"

18. FIRM-FIXED PRICE TASK ORDERS: CLINS 0001 thru 0003 apply to Prime Contractor ONLY. The Prime Contractor shall get two or more, but at least two (2) competitive quotes on all subcontractors, materials and equipment. Lowest quote shall be selected for the Contractor's proposal on the Task Order.

19. UNPRICED TASK ORDER (UTO): CLINS 0001 thru 0003 apply to Prime Contractor ONLY. (See Section 00800, UNPRICED TASK ORDER (UTO)).

20. BONDING: In accordance with Section 00700, 52.228-15 Performance and Payment Bonds—Construction, the Government requires the Contractor to submit Performance and payment bonds in the amounts listed in the Price Proposal Schedule. Initial Performance and Payment Bonds will be paid upon submission of a paid invoice in the amount of the paid invoice or the proposed price in the applicable Line Item 0007, 1007, 2007, 3007, and 4007 which ever is less. Payment for Additional Performance and Payment Bonds will be made on a per thousand dollar basis as proposed in the applicable Line Item 0008, 1008, 2008, 3008, and 4008. This per thousand-dollar amount will be stated on each task order issued.

END OF PRICE PROPOSAL NOTES

**SECTION 00120
PROPOSAL SUBMISSION REQUIREMENTS**

1.0 **PROPOSAL.** Through the use of one-step procurement process, the Department of the Army desires to obtain construction services under an Indefinite Delivery Indefinite Quantity (IDIQ) Firm Fixed Price Contract. In this procurement procedure consideration will be given to the Management/Technical, Past Performance, and price/cost proposal. Final selection and basis for award of the IDIQ Contract will be on the basis of qualifications, technical quality, price, and other salient factors considered to be in the Government's best interests. Offerors shall strictly adhere to the requirements as set forth in this section (00120) when preparing the proposal to be submitted in response to this request for proposal (RFP).

1.1 UNNECESSARILY ELABORATE PROPOSALS OR QUOTATIONS

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor wanted.

1.2 REQUIREMENT FOR SPECIAL MARKING OF PROPOSAL DATA

Envelopes or other cover for material submitted in response to this RFP shall be opaque, and must be so presented that they may easily be identified. At a minimum, the outside cover for each volume must show:

- Destination of Proposal
- Name and location of project as described in the RFP documents
- Solicitation number
- Name and address of offeror
- Project volume number

Submit the proposal in the format specified. Oral or telephonic proposals or modifications will not be considered.

Mail or deliver the proposal to the address listed on the Standard Form 1442, "Solicitation, Offer and Award."

1.3 CLARIFICATIONS AND FINAL PROPOSAL REVISION

1.3.1 General

Any conflicting criteria, which cannot be resolved by the Order of Precedence specified in Section 00800 SPECIAL CONTRACT REQUIREMENTS, shall be brought to the attention of the Government by the Offeror as part of the written clarification requirement of the proposal. In the absence of such request for clarification, the Offeror shall perform to the most beneficial criteria as determined by the Government.

1.3.2 Clarifications Prior to Proposal Due Date

In the event that clarifications are required prior to submitting the Volume I or II proposal, contact the individuals listed in Section 00100, INSTRUCTIONS TO OFFERORS. All RFP holders will be advised of significant clarifications affecting the scope of the project.

1.3.3 Clarifications Submitted with Proposals

For clarifications remaining at the time and date that proposals are due, written clarifications may be included in the proposal for consideration by the Government. Clarifications submitted with proposals shall clearly identify the understanding of the RFP documents and how this understanding is reflected in the

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACA63-02-R-0014

cost proposal. Extensive qualifications, exclusions and exceptions in the form of clarifications may be considered by the Government to be non-responsive and may be grounds for rejection of the proposal.

AM #0002

1.3.4 Final Proposal Revision

Proposal replacement pages shall be numbered shall be clearly marked "REVISED", shall show the date of revision, shall be submitted in appropriate number of copies (e.g., if two (2) copies of the original page was required, then two (2) copies of the revised page will also be required), and shall be a different color than the original pages they are to replace.**

Subcontracting Plans are required only from LARGE businesses – **small businesses** are **not** required to submit a Subcontracting Plan.

2.2 Offeror shall provide an INDEX for each proposal. This INDEX shall appear in each volume/sections that shows the title of the subject matter discussed therein and the page number where the information can be found. In particular, Offeror shall specifically reference the topics addressed in this section (Section 00120) of instructions. The narrative discussions shall be related as to Section 00900, unless otherwise stated. Offeror shall clearly tab all information in the proposal so that it is easy to locate.

2.3 Offeror is cautioned that "parroting" of the RFP requirements with a statement of intent to perform does not reveal the offeror's understanding of the problem or his capability to solve it. The inclusion of "filler" material from previous proposals or commercial applications shall be avoided unless it has a direct application to the objective of this RFP.

3.0 **PROPOSAL CONTENT.** Offerors shall include sufficient details in their proposal, shall present the details in the same order in which they are requested in this section (00120) to permit the Government to promptly, completely, and accurately evaluate the proposal from both a technical and management standpoint. Offeror shall identify technical uncertainties and assumptions within the requirement set forth in this RFP, and Offeror shall provide specific proposals for the resolution of any technical uncertainties and assumptions so identified. The Government will not make assumptions concerning the offeror's intent, capabilities, facilities, or experiences. **Clear identification of the pertinent details shall rest as sole responsibility of the offeror.**

4.0 **PROPOSAL LENGTH.** The Government recognizes that offerors go to considerable expense to prepare proposals for this RFP, so the Government prefers that the proposals be practical. Elaborate format, binders, special reproduction techniques, and the like are not necessary nor desired. In short, proposals shall completely and adequately address the requirements as stated in the RFP, and technical proposal (technical and management factors). Volume I of the offeror's proposal, **shall not exceed 70 one-sided, single-space, or 35 single-space, double-sided sheets** (excluding subcontractor endorsements, *OSHA Form 200*, and sample project). Proposal legibility, clarity, coherence, and the contents will be important. Proposal pages shall be 8-1/2 x 11 inches in size; however, if drawings or other graphics are submitted, Offerors shall reduce them only to the extent legibility is not lost. Offeror shall not submit verbatim sections of the appendices to this RFP as part of their proposal. Offers that violate these rules unnecessarily delay the evaluation process and may be rejected by the Government after the initial evaluation without receiving any further consideration.

8.0 VOLUME III, SUBCONTRACTING PLAN.

****THIS PARAGRAPH APPLIES TO LARGE BUSINESSES ONLY****

8.1 All large businesses shall submit a subcontracting plan. The plan should be prepared in accordance with FAR 52.219-9 (See Sample in Section 00500). Failure to submit an acceptable subcontracting plan may make the offeror ineligible for award of the contract. The subcontracting plan will be reviewed for compliance and will be scored in accordance with AFARS 19.7, Appendix DD (See Sample in Section 00500). The submission of the subcontracting plan is in no way advantageous to large businesses over any small business in the evaluation process. However, where technical and price become more equivalent for two or more large businesses who are being considered for award, the subcontracting plan will become more significant and may become the determining factor for award.

8.2 The Fort Worth District's floors/goals regarding total subcontracted dollars are as follows:

- 8.2.1 Small Business (SB) Subcontracting Goals - 61.4%.
- 8.2.2 Small Disadvantaged Business (SDB) Subcontracting Goals - 9.1%.
- 8.2.3 Woman Owned Small Business (WOSB) Subcontracting Goals – 5.0%.
- 8.2.4 Veteran Owned Small Business (VOSB) Subcontracting Goals - 3.0%
- 8.2.5 Historically Black Colleges and Universities and Minority Institutions (HBCU/MI) Subcontracting Goal – 2.0%
- 8.2.6 HubZone Small Business (HZSB) Subcontracting Goals – 1.0%

NOTE: For further information on the HUBZone Empowerment Contracting Program, read contract clause 52.219-8 or use the Internet: <http://www.sba.gov/hubzone/>

To be approved the plan must contain a minimum, the eleven elements set forth in Contract Clause 52.219-9 II, paragraph (d). Your plan will be reviewed and scored in accordance with AFARS 19.705-4(d) to ensure it clearly represents your firm's ability to carry out the terms and conditions, set forth in the contract clauses. A Subcontracting Plan with a score of less than 71 may not be accepted. It is recommended that you use the example located in section 00500 as a guide to assist you in developing your own subcontracting plan. Delete the instructions shown in parenthesis or your small business program will not be approved. If discussions during this review raise doubts as to your intentions or ability to comply with these contractual obligations, it could

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACA63-02-R-0014

result in your disqualification for award.

NOTE: All proposed Small Disadvantaged Business (SDB), Woman Owned Small Businesses (WOSB) and HUBZone Small Businesses (HUBZone) concerns must be SBA-Certified in PRO-Net. These firms can register in PRO-Net on the Internet at the following address: <http://pronet.sba.gov>. The Government will verify PRO-Net certification of all SDB, WOSB & HubZone concerns proposed. No credit will be given to the offeror whose proposed concerns are not certified.

**SECTION 00150
EVALUATION FACTORS FOR AWARD**

1.0 VOLUME I, TECHNICAL PROPOSAL

1.1 **Basis for Awards.** The solicitation includes the provision, FAR 52.0215-0001, CONTRACT AWARD. The Government intends to award one (1) contract, based upon initial offers received, without discussion of such offers. Each offer should contain the offeror's best terms from a price/cost and technical standpoint. The Government reserves the right to conduct discussions if that is later determined by the Contracting Officer to be necessary. The right is reserved to accept other than the lowest offer and to reject any or all offers. Award may be made to the superior offer which is not the lowest priced offer, but which is sufficiently more advantageous than the lowest offer so as to justify the payment of a higher price. As technical proposals become more equivalent, cost consideration becomes more significant and may become the determining factor for award. Any award price must be determined to be fair and reasonable. In the event technical and price become more equivalent for two or more large businesses, the subcontracting plan will become more significant and may become the determining factor for award.

1.2 The technical proposals received in response to this request for proposal will be evaluated using "Best Value" source selection process in selecting the proposal that is most advantageous to the Government. To be considered responsive each offeror shall specifically address each of the evaluation factors set forth in this section. Sufficient detail should be provided citing specific data as may be required, such that the proposal may be evaluated. The proposal shall clearly demonstrate that the offeror has an understanding of the work tasks required.

1.3 Technical proposals shall be submitted so as to fully and clearly be acceptable without additional explanation or information, since the Government reserves the right to make a final determination as to whether a proposal is acceptable or unacceptable solely on the basis of the proposal as submitted. However, the Government, may request additional information from offerors, which clarifies, or supplements, but does not basically change any proposal as submitted.

1.4 Technical evaluations will be performed on each proposal covering the evaluation factors listed in Section 00120 "EVALUATION FACTORS FOR VOLUME I, TECHNICAL PROPOSAL." These factors are listed in the order of their importance, both as major factors, subfactors and elements, thereof.

1.5 TECHNICAL PROPOSAL EVALUATION FACTORS

The relative weight of all the non-priced factors when combined, are significantly more important than cost. The technical merit factor is significantly more important than the management merit factor. The following technical evaluation factors are listed in descending order of importance: "Technical" and "Management".
