Specifications.

(1) Section 01320, Page 2- Add the following sentence to the end of Paragraph 1.2 :

“The Contractor shall provide a full time scheduler on site who shall have no other duties other than the project schedule.”

(2) Section 01320, Page 3, Paragraph 3.3.2 Network Diagram- Change the last three (3) sentences to read as follows:

“Activity numbers, descriptions, durations, budget amount, milestones and constraint dates must be shown, and the critical path easily apparent...The Network Diagram shall be hand-written on full size sheets (29" x 41") showing the sequence and logic of scheduled construction. No Electronic Produced Network Diagram shall be allowed unless approved by the Contracting Officer.”

(3) Section 01320, Page 6, Paragraph 3.4.21 Lag Activities- Change this paragraph to read as follows:

“3.4.21 Lag and LED Activities

No LAG & LED Activities shall be permitted.”

(4) Section 01451, Page 4, Paragraph 3.4.3.2 Specialized CQC Personnel- Change the last sentence (prior to Experience Matrix) to read as follows:

“These individuals may NOT perform other duties except quality control duties as described in the Quality Control Plan.”

(5) Section 01128- Add the following paragraph to this Section:

“1.3 CONDITIONS FOR USE OF FORT HOOD LANDFILL

Use of the Fort Hood Municipal Solid Waste Landfill by the Contractor is subject to the operating requirements imposed on the landfill by the Landfill operating Permit. All waste delivered to the landfill will be inspected by the landfill operating contractor for materials that are not authorized in the landfill. Trucks that contain unauthorized waste will be diverted for removal of the unauthorized material before being allowed to proceed to the working facility to dump their load. The following classes of materials are not authorized in the Fort Hood Municipal Solid Waste Landfill and will be diverted as described below:

Recyclables: Cardboard and paperboard, untreated wood, light metal, aluminum and steel containers, paper, and plastic containers. Trucks entering the landfill with recyclable materials will be directed to a series of roll-off containers located at the entrance to the landfill for removal of the materials. Contractor/Transporters will be responsible for removing the unauthorized materials from the load and placing them in the properly marked container before proceeding to dump their load. Loads that are fully segregated by type of material in accordance with the Post Recycling Centers instructions may be delivered directly to the Post Recycling Center (Bldg.. 1345, located at 65th and Railhead Dr.)

Clean Fill Material and Inert Constructions and Demolition Wastes: Soil, sand, sod, rock, clean masonry, brick, concrete, and pavement. These materials are not accepted at the landfill. Trucks containing the materials must be disposed of as noted on the drawings.

Salvageable Items: Tires, white goods and appliances, bulk scrap metal, engine and machine parts, and serviceable pallets. Serviceable pallets are to be delivered to Post Recycling Center (Bldg. 1345, located at 65th St. and Railhead Dr.). All other salvageable items should be delivered to DRMO (Bldg. 4286, located at 80th St and Tank Destroyer Blvd.

Hazardous Waste: Hazardous wastes such as liquid waste, fluorescent light bulbs, lead-acid batteries, oil filters, ordinance, explosives, pressurized gases, Freon, paints, solvents, antifreeze, pesticides, herbicides, radioactive material, and biohazardous material are not accepted. Trucks containing the materials will not be allowed to enter the landfill.

Properly characterized special wastes including fuel (TPH) contaminated soils (<1500 ppm), and demolition debris contaminated with lead paint (TCLP <5.0 mg/L) are allowed in the landfill. Documentation of all characterization tests must be provided to the Fort Hood DPW Waste Classification Unit and the landfill manager a minimum 48 hours prior to delivery of the material to the landfill. The Transporter must have a properly completed manifest at the time of delivery to the landfill. Copies of the Landfill's Waste Acceptance Plan, which contains specific requirements for disposal of the materials may be obtained from DPW Environmental, DPW Services, or the Landfill Operating Contractor.

The requirements of this clause are not intended to limit the Contractor's rights: the Contractor may dispose of recyclable or salvageable materials in any lawful manner he chooses outside of Fort Hood boundaries to the extent allowed by other contract provisions."

(6) The following listed accompanying new section, bearing the notation "ACCOMPANYING AMENDMENT NO. 0003 TO SOLICITATION NO. DACA63-98-B-0040" shall be added to the specifications and add to the Table of Contents:

<u>Section No.</u>	<u>Title</u>
01520	GOVERNMENT FIELD OFFICE

## SECTION 01520

## GOVERNMENT FIELD OFFICE

06/98

## PART 1 GENERAL

## 1.1 SUBMITTALS

Government approval is required for submittals with a "GA" designation; submittals having an "FIO" designation are for information only. The following shall be submitted in accordance with Section 01330 SUBMITTAL PROCEDURES:

SD-01 Data

Government Field Office; GA.

Provide manufacturer catalog data, specifications, and shop drawings for approval, verifying all dimensions, fixtures and equipment. Note all deviations on drawings.

## PART 2 PRODUCTS

## 2.1 GOVERNMENT FIELD OFFICE

The Contractor shall furnish and set up complete, ready to use at the project site and in a location designated by the Contracting Officer, an office for use by the Government during the life of the contract. The project office shall be a relocatable modular building unit equal to or better than Morgan Building System's No. 12445 model, complete with toilet facilities consisting of one lavatory and one water closet, connections to water and sewer mains, hot and cold running water, heating, air conditioning, lighting, window shades, front and rear desks and chairs, plan rack, plan and conference table with chairs, closet, skirting, and stairs and ramp with handrails. Unit shall be 40' by 11'-9" 9 (excluding towing tongue) in size, with two rooms, an office and conference room. Provide a connecting door between the two rooms and exterior doors for each room. Conference room shall be large enough for the conference table and 10 chairs. Provide a mail slot in the door or a lockable mail box mounted next to the door.

## 2.1.1 Manufacturer

Manufacturer shall be regularly engaged in the construction and on-site erection of relocatable modular buildings.

## 2.1.2 Utilities

Exterior utilities shall be permanently installed to the modular unit and connected with existing utilities. Exposed utilities shall be insulated to prevent freezing. Utilities shall be connected and disconnected in accordance with local codes and to the satisfaction of the Contracting Officer.

## PART 3 EXECUTION

### 3.1 ERECTION

Erect the building in accordance with building manufacturer's written recommendations at a location designated by the Contracting Officer. Securely anchor trailer(s) to the ground at all four corners to guard against movement during high winds. Water and weather proof the unit and make ready for use within 30 days after Contract Notice to Proceed.

### 3.2 JANITORIAL SERVICES

Provide daily janitorial services, trash collection, and building maintenance during the life of the contract.

### 3.3 DISPOSITION

The office, including all furniture and equipment, shall become the property of the Contractor at completion of the construction. The Contractor shall remove the unit and all associated equipment and utilities from Government property.
