

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT

1. CONTRACT ID CODE _____ PAGE _____ OF _____ PAGES

2. AMENDMENT/MODIFICATION NO. _____ 3. EFFECTIVE DATE _____ 4. REQUISITION/PURCHASE REQ. NO. _____ 5. PROJECT NO. *(If applicable)* _____

6. ISSUED BY _____ CODE _____ 7. ADMINISTERED BY *(If other than Item 6)* _____ CODE _____

8. NAME AND ADDRESS OF CONTRACTOR *(No., street, county, State and ZIP Code)* _____ (X) 9A. AMENDMENT OF SOLICIATION NO. _____
 9B. DATED *(SEE ITEM 11)* _____
 10A. MODIFICATION OF CONTRACT/ORDER NO. _____
 10B. DATED *(SEE ITEM 11)* _____
 CODE _____ FACILITY CODE _____

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:
 (a) By completing items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment your desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)* _____

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: <i>(Specify authority)</i> THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES <i>(such as changes in paying office, appropriation date, etc.)</i> SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
	D. OTHER <i>(Specify type of modification and authority)</i>

E. IMPORTANT: Contractor is not, is required to sign this document and return _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER <i>(Type or print)</i>	16A. NAME AND TITLE OF CONTRACTING OFFICER <i>(Type or print)</i>
15B. CONTRACTOR/OFFEROR	16B. UNITED STATES OF AMERICA
15C. DATE SIGNED	16C. DATE SIGNED
<i>(Signature of person authorized to sign)</i>	<i>(Signature of Contracting Officer)</i>

Item 14. Continued.

1. Replace the Bidding Schedule, (pages 00010-1 through 00010-32), with the accompanying new Bidding Schedule, (pages 00010-1 through 00010-32).

2. Replace the following Sections with the attached new Sections of the same number and title.

SECTION 00710 WAGE RATES

SECTION 00800 SPECIAL CONTRACT REQUIREMENTS

END OF AMENDMENT

**SECTION 00010
 BIDDING SCHEDULE**

Whitney and Aquilla Lakes

BIDDING SCHEDULE (cont)

NOTES:

1. ARITHMETIC DISCREPANCIES (EFARS 14.407-2)

(a) For the purpose of initial evaluation of bids, the following will be utilized in resolving arithmetic discrepancies found on the face of the bidding schedule as submitted by bidders:

- (1) Obviously misplaced decimal points will be corrected;
- (2) In case of discrepancy between unit price and extended price, the unit price will govern;
- (3) Apparent errors in extension of unit prices will be corrected; and
- (4) Apparent errors in addition of lump-sum and extended prices will be corrected.

(b) For the purpose of bid evaluation, the Government will proceed on the assumption that the bidder intends his bid to be evaluated on the basis of the unit prices, the totals arrived at by resolution of arithmetic discrepancies as provided above and the bid will be so reflected on the abstract of bids.

(c) These correction procedures shall not be used to resolve any ambiguity concerning which bid is low.

2. If a modification to a bid based on unit prices is submitted, which provides for a lump sum adjustment to the total estimated cost, the application of the lump sum adjustment to each unit price in the bid schedule must be stated. If it is not stated, the bidder agrees that the lump sum adjustment shall be applied on a pro rata basis to every unit price in the bid schedule.

3. Bidders must bid on all items. Failure to bid on all items may result in rejection of the bid.

4. Bidders are requested to limit the price to two decimal places. When multiplying the estimated quantity by the unit price, do not round the extended amount up or down.

5. Costs attributable to Division 01 - General Requirements are assumed to be prorated among bid items listed.

BIDDING SCHEDULE (cont)

NOTES: (cont)

6. ABBREVIATIONS

For the purpose of this solicitation, the units of measure are represented as follows:

- a. EA (each)
- b. BG (bag)
- c. SF (square foot)
- d. LF (linear foot)
- e. TH (thousand)
- f. HR (hour)

END OF BIDDING SCHEDULE

Location: Mid Brazos Project Office: Whitney, Aquilla, Waco, Somerville, Proctor and Hords Creek Lakes

1. Service Contract Act (SCA) Wage Determination Number 94-2523, Revision 15, will be applicable to those activities performing installation support requirements for certain minor maintenance repairs, clerical support services, custodial services, grounds maintenance, and landscaping or for those services requiring the utilization of professional/service employees, i.e., Biologists, Agronomists, Environmentalists, Environmental Abatement, Computer Specialists, Architects/Engineers, Surveyors, and associated Technicians thereof of the professional/technical trades in **Bosque, Hill and McLennan Counties, Texas**.

2. Service Contract Act (SCA) Wage Determination Number 94-2515, Revision 21, will be applicable to those activities performing installation support requirements for certain minor maintenance repairs, clerical support services, custodial services, grounds maintenance, and landscaping or for those services requiring the utilization of professional/service employees, i.e., Biologists, Agronomists, Environmentalists, Environmental Abatement, Computer Specialists, Architects/Engineers, Surveyors, and associated Technicians thereof of the professional/technical trades in **Washington County, Texas**.

3. Service Contract Act (SCA) Wage Determination Number 94-2503, Revision 15, will be applicable to those activities performing installation support requirements for certain minor maintenance repairs, clerical support services, custodial services, grounds maintenance, and landscaping or for those services requiring the utilization of professional/service employees, i.e., Biologists, Agronomists, Environmentalists, Environmental Abatement, Computer Specialists, Architects/Engineers, Surveyors, and associated Technicians thereof of the professional/technical trades **Burleson and Lee Counties, Texas**.

4. Service Contract Act (SCA) Wage Determination Number 94-2517, Revision 21, will be applicable to those activities performing installation support requirements for certain minor maintenance repairs, clerical support services, custodial services, grounds maintenance, and landscaping or for those services requiring the utilization of professional/service employees, i.e., Biologists, Agronomists, Environmentalists, Environmental Abatement, Computer Specialists, Architects/Engineers, Surveyors, and associated Technicians thereof of the professional/technical trades in **Coleman and Comanche Counties, Texas**.

NOTE: Payroll records are not required to be submitted to the U.S. Army Corps of Engineers for work performed under the Service Contract Act (SCA). SCA payroll records are required to be kept by the Prime Contractor, and available for review if requested, for a minimum of three years from the date of contract completion. Labor compliance will be monitored by the U.S. Department of Labor for SCA labor records.

APPLICATION OF WAGE DECISIONS (Cont'd)

Solicitation No: DACW63-02-R-0007

Project: IDIQ Construction Trades and Crafts

Location: Mid Brazos Project Office: Whitney, Aquilla, Waco, Somerville, Proctor and Hords Creek Lakes

5. Davis-Bacon Act Wage Decision, TX020083, Building Construction Projects, will be applicable to the construction, alteration, painting or repair of buildings, installation within buildings, appurtenances to buildings, foundations for buildings, excavation and fill for buildings, and utilities within five feet of buildings for those construction activities performed in **Bosque and Hill Counties, Texas.**

6. Davis-Bacon Act Wage Decision, TX020002, Building Construction Projects, will be applicable to the construction, alteration, painting or repair of buildings, installation within buildings, appurtenances to buildings, foundations for buildings, excavation and fill for buildings, and utilities within five feet of buildings for those construction activities performed in **McLennan County, Texas.**

7. Davis-Bacon Act Wage Decision, TX020091, Building Construction Projects, will be applicable to the construction, alteration, painting or repair of buildings, installation within buildings, appurtenances to buildings, foundations for buildings, excavation and fill for buildings, and utilities within five feet of buildings for those construction activities performed in **Burleson County, Texas.**

8. Davis-Bacon Act Wage Decision, TX020073, Building Construction Projects, will be applicable to the construction, alteration, painting or repair of buildings, installation within buildings, appurtenances to buildings, foundations for buildings, excavation and fill for buildings, and utilities within five feet of buildings for those construction activities performed in **Lee County, Texas.**

9. Davis-Bacon Act Wage Decision, TX020079, Building Construction Projects, will be applicable to the construction, alteration, painting or repair of buildings, installation within buildings, appurtenances to buildings, foundations for buildings, excavation and fill for buildings, and utilities within five feet of buildings for those construction activities performed in **Coleman and Comanche Counties, Texas.**

10. Davis-Bacon Act Wage Decision, TX020047, Heavy and Highway Construction Projects, will be applicable to all utilities more than five feet from buildings, and any other construction requirements not shown in paragraphs 5 & 7 above in **Bosque, Burleson, Hill and Washington Counties, Texas**

APPLICATION OF WAGE DECISIONS (Cont'd)

Solicitation No: DACW63-02-R-0007

Project: IDIQ Construction Trades and Crafts

**Location: Mid Brazos Project Office: Whitney, Aquilla, Waco, Somerville,
Proctor and Hords Creek Lakes**

11. Davis-Bacon Act Wage Decision, TX020043, Heavy and Highway Construction Projects, will be applicable to all utilities more than five feet from buildings, and any other construction requirements not shown in paragraph 6 above in **McLennan County, Texas**

12. Davis-Bacon Act Wage Decision, TX020038, Heavy and Highway Construction Projects, will be applicable to all utilities more than five feet from buildings, and any other construction requirements not shown in paragraph 8 above in **Lee County, Texas**

13. Davis-Bacon Act Wage Decision, TX020027, Heavy and Highway Construction Projects, will be applicable to all utilities more than five feet from buildings, and any other construction requirements not shown in paragraph 9 above in **Coleman and Comanche Counties, Texas**

NOTE:

(1) PAYROLL RECORDS ARE REQUIRED, UNDER THE DAVIS-BACON ACT, TO BE SUBMITTED TO THE U.S. ARMY CORPS OF ENGINEERS FOR ALL CONSTRUCTION WORK PERFORMED.

(2) THE WAGE DECISION NUMBER APPLICABLE TO THE WORK PERFORMED AND THE TASK ORDER NUMBER OF THE SPECIFIC PROJECT IS TO BE SHOWN ON ALL THE CERTIFIED PAYROLL RECORDS SUBMITTED.

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.02 an hour or \$80.80 a week or \$350.13 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, and 4 after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL:

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.02 an hour or \$80.80 a week or \$350.13 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL:

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section

4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.02 an hour or \$80.80 a week or \$350.13 a month.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL:

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)}

When multiple wage determinations are included in a contract, a separate SF

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
 - 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
 - 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
 - 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
 - 5) The contracting officer transmits the Wage and Hour decision to the contractor.
 - 6) The contractor informs the affected employees.
- Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the

work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

=====

Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29 CFR 5.5(a)(1)(v)).

In the listing above, the "SU" designation means that rates
listed under that identifier do not reflect collectively
bargained wage and fringe benefit rates. Other designations
indicate unions whose rates have been determined to be
prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a
position on a wage determination matter
- * a conformance (additional classification and rate)
ruling

On survey related matters, initial contact, including requests
for summaries of surveys, should be with the Wage and Hour
Regional Office for the area in which the survey was conducted
because those Regional Offices have responsibility for the
Davis-Bacon survey program. If the response from this initial
contact is not satisfactory, then the process described in 2.)
and 3.) should be followed.

With regard to any other matter not yet ripe for the formal
process described here, initial contact should be with the Branch
of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division

ACCOMPANYING AMENDMENT NO. 0002 TO SOLICITATION NO. DACW63-02-R-0007

U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

SECTION 00800

SPECIAL CONTRACT REQUIREMENTS

Due to the recent conversion from the Standard Army Automated Contracting System (SAACONS) to the new Department of Defense's Standard Procurement System, Procurement Desktop Defense (PD²), the following clauses and other specific contract requirements you may have been accustomed to seeing in Section 0800, Special Contract Requirements, have been moved. The following chart represents those changes.

CLAUSES & OTHER REQUIREMENTS PREVIOUSLY LOCATION IN SECTION 00800		NEW LOCATION
FAR Clauses		
Commencement, Prosecution And Completion Of Work (Apr 1984)	52.211-10	Section 00700
Time Extensions (Apr 1984)	52.211-13	Section 00700
Variation In Estimated Quantity (Apr 1984)	52.211-18	Section 00700
Limitations On Subcontracting (Jan 1991)	52.219-14	Section 00700
Availability Of Funds (Apr 1984)	52.232-18	Section 00700
Availability And Use Of Utility Services (Apr 1984)	52.236-14	Section 00700
Quantity Surveys (Apr 1984)	52.236-16, Alternate I	Section 00700
DFARS Clauses		
Payment For Mobilization And Preparatory Work (Dec 1991)	252.236-7003	Section 00700
Payment For Mobilization And Demobilization (Dec 1991)	252.236-7004	Section 00700
Airfield Safety Precautions (Dec 1991)	252.236-7005	Section 00700
EFARS Clauses		
Equipment ownership and operating expense schedule	52.231-5000	Section 00700
Payment for materials delivered off-site	52.232-5000	Section 00700
Basis for Settlement of Proposals	52.249-5000	Section 00700
Other Specific Contract Requirements		
Time Extensions For Unusually Severe Weather (Oct 1989)		Section 01000
Payment For Utility Services (FAR 36.303(C)(6))		Section 01000
Superintendence Of Subcontractors		Section 01000
Coordination Of Construction With Cemetery Representatives		Section 01000
Damage To Work Alternate A/Alternate B		Section 01000

The clauses represented here may not be included in a particular solicitation, depending on the requirements. This list only represents changes made to the overall policy of clause location.

CORRESPONDENCE IDENTIFICATION

- a. The Contractor shall use a serial numbering system on all formal correspondence sent to the Contracting Officer or his representative. The Contractor will provide one original and two duplicate copies of all correspondence.
- b. The Contractor may use a Request for Information (RFI) system for drawing/specification clarifications, subject to the following conditions:
 1. The Contractor shall use a sequential numbering system for all RFI's separate and apart from the correspondence numbering system.
 2. The Contractor shall provide one original and two copies of all RFI's.
 3. The Contractor shall designate ONE individual responsible person, subject to approval by the Contracting Officer, for reviewing and issuing RFI's.
 4. For projects requiring Network Analysis Systems (NAS), all RFI's shall identify the NAS activities directly or indirectly affected by the RFI on the progress schedule. The Contractor should anticipate a minimum of 10 calendar days for Government review and response.

5. No requests for deviations or variations from the contract by RFI will be allowed. Deviations/variations are to be submitted on ENG Form 4025 as described in Section 01330 Submittal Procedures.
6. The use of RFI's does not relieve the Contractor of the responsibility for reviewing the contract documents and coordinating the work to be performed. If the Contracting Officer determines that the RFI system is being used for other than its intended purpose, the Contracting Officer has the authority to discontinue the use of the RFI's for the remainder of the contract.

EQUIPMENT OWNERSHIP AND OPERATING EXPENSE SCHEDULE

Whenever a contract or modification of contract price is negotiated, the Contractor's cost proposals for equipment ownership and operating expenses shall be determined in accordance with the requirements of EFARS 52.231-5000, EQUIPMENT OWNERSHIP AND OPERATING EXPENSE SCHEDULE. Interested parties may purchase copies of EP 1110-1-8 (Volumes 1 through 12) by phoning (202) 783-3238, or by writing "Superintendent of Documents U.S. Government Printing Office, Washington, D.C. 20402." Major credit cards are accepted. An electronic copy of this publication may be found the US Army Corps of Engineers Publication web site at <http://www.usace.army.mil/inet/usace-docs/eng-pamphlets/cecw.htm>

PHYSICAL DATA (APR 1984) (FAR 52.236-4)

Data and information furnished or referred to below is for the Contractor's information. The Government shall not be responsible for any interpretation of or conclusion drawn from the data or information by the Contractor.

- a. The physical conditions indicated on the drawings and in the specifications are the result of site investigations by surveys [and borings].
- b. Ground water levels

It has been observed that ground water levels in heavily timbered or grassed areas quite often undergo a significant temporary rise when the area is cleared and/or stripped. This increase in water level can hinder traffic and construction progress in the affected areas. The duration of the ground water rise varies considerably, depending on prevailing weather and/or climatic conditions. Ref: Yearbook of Agriculture, 1957, copy available for inspection in Fort Worth District Office.

- c. Point of delivery for Government-furnished property

REQUIRED INSURANCE

Pursuant to FAR 28.307-2, the Contractor shall procure and maintain during the entire period of his performance under this contract the following minimum insurance:

- a. Workers' compensation and employers' liability insurance in compliance with applicable state statutes, with a minimum employers' liability coverage of \$100,000.
- b. Comprehensive general liability insurance for bodily injury in the minimum limits of \$500,000 per occurrence. No property damage liability insurance is required.
- c. Comprehensive automobile liability insurance covering the operation of all automobiles used in connection with the performance of the contract in the minimum limits of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. (See Contract Clause entitled Insurance--Work on a Government Installation)

HAZARDOUS MATERIALS ABATEMENT INSURANCE

- a. If hazardous materials (e.g. asbestos, lead-based paint, polychlorinated biphenyl (pcb) compounds) abatement/removal or any other work with hazardous materials is required under this contract and Comprehensive General Liability Insurance is required, the policy of insurance which covers the hazardous materials abatement/removal or other work with asbestos shall be a "per occurrence" policy as that term used in the insurance industry. A policy issued on a "claims made" basis or any other "short tail" basis will not be accepted.
- b. The Comprehensive General Liability per occurrence policy shall be obtained by the prime Contractor if the hazardous materials abatement work is performed by the prime Contractor's own work force, or by an hazardous materials abatement subcontractor(s), if the hazardous materials abatement work is subcontracted. The Contractor shall insert in the subcontract a requirement for the hazardous materials abatement subcontractor(s) to provide and maintain the insurance required by this paragraph. The Contractor shall maintain a copy of the subcontractor's proof of required insurance, and shall make such copy available to the Contracting Officer upon request.

U.S. ARMY CORPS OF ENGINEERS SAFETY AND HEALTH REQUIREMENTS MANUAL, EM 385-1-I

Reference Federal Acquisition Regulation (FAR) Clause 52.236-13, Accident Prevention. Engineer Manual (EM) 385-1-I and its changes are no longer available as part of this solicitation/contract but rather is available at <http://www.hq.usace.army.mil> (select Safety and Occupational Health). Consequently, the Contractor shall be responsible for complying with the current edition and all changes posted on the web as of the effective date of this solicitation.

ELECTRONIC SUBMITTAL OF OFFEROR'S PROPOSAL

In accordance with Section 0120, Proposal Submission Requirements, the Offeror is required to submit an electronic copy of the initial proposal and one electronic copy of the final proposal revision, if applicable. In the event any discrepancy is discovered between the printed version of the offeror's submitted proposal and this electronic version, the printed version shall govern.

KEY PERSONNEL, SUBCONTRACTORS AND OUTSIDE ASSOCIATES OR CONSULTANTS – AUG 1997

In connection with the services covered by this contract, any in-house personnel, subcontractors, and outside associates or consultants will be limited to the individuals or firms that were specifically identified and agreed to during negotiations. The contractor shall obtain the Contracting Officer's written consent before making any substitution for these designated in-house personnel, subcontractors, associates, or consultants.

PROTECTION OF MATERIAL AND WORK – AUG 1997

The Contractor shall at all times protect and preserve all materials, supplies and equipment of every description (including property which may be Government-furnished or owned) and all work performed. All reasonable requests of the Contracting Officer to enclose or specially protect such property shall be complied with. If, as determined by the Contracting Officer, material, equipment, supplies, and work performed are not adequately protected by the contractor, the Government may protect such property and the cost thereof may be charged to the contractor or deducted from any payment due him.

CONTRACT DRAWINGS, MAPS, AND SPECIFICATIONS

- a. The Government will provide the Contractor, without charge, one set of contract drawings and one set of specifications in electronic format on a compact disk. It is the Contractor's responsibility to reproduce a set of contract drawings from this compact disk. The Government will not give the contractor any hard copy paper drawings or specifications for any contract resulting from this solicitation.

- b. The Contractor shall--
 - 1. Check all drawings furnished immediately upon receipt;
 - 2. Compare all drawings and verify the figures before laying out the work;
 - 3. Promptly notify the Contracting Officer of any discrepancies; and
 - 4. Be responsible for any errors that might have been avoided by complying with this paragraph (b).
- c. Large-scale drawings shall, in general, govern small-scale drawings. Figures marked on drawings shall, in general, be followed in preference to scale measurements.
- d. Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work, but shall be performed as if fully and correctly set forth and described in the drawings and specifications.
- e. The work shall conform to the specifications and the contract drawings identified as: SEE SCHEDULE. The list of drawings and maps set out in the index on the drawings is hereby incorporated by reference into these specifications. Schedules included in the drawings are for the purpose of defining requirements other than quantities.

SALVAGE MATERIALS AND EQUIPMENT

The Contractor shall maintain adequate property control records for all materials or equipment specified to be salvaged. These records may be in accordance with the Contractor's system of property control, if approved by the property administrator. The Contractor shall be responsible for the adequate storage and protection of all salvaged materials and equipment and shall replace, at no cost to the Government, all salvage materials and equipment which are broken or damaged during salvage operations as the result of his negligence, or while in his care.

GOVERNMENT-FURNISHED EQUIPMENT/MATERIALS

If Government property is furnished as part of a task order, it will be identified on the individual task orders. The Government property will be received, loaded and transported from the storage site by the contractor. The contractor shall be required to establish a hand receipt with the appropriate Property Book Officer to receive the supplies as directed by the Contracting Officer or Ordering Officer

The Contractor assumes the risk and responsibility for the loss or damage to Government-furnished property as defined in FAR 52.245-2.

The Contractor shall follow the instructions of the Contracting Officer or his designated representative regarding the disposition of all Government furnished property not consumed in performance of a task order.

YEAR 2000 COMPLIANCE

In accordance with FAR 39.106, the Contractor shall ensure that with respect to any design, construction, goods, or services under this contract as well as any subsequent task/delivery orders issued under this contract (if applicable), all information technology contained therein shall be Year 2000 compliant. Specifically the Contractor shall:

- a. Perform, maintain, and provide an inventory of all major components to include structures, equipment, items, parts, and furnishings under this contract and each task/delivery order that may be affected by the Y2K compliance requirement.
- b. Indicate whether each component is currently Year 2000 compliant or requires an upgrade for compliance prior to government acceptance.

REQUIRED INVENTORY OF INFORMATION TECHNOLOGY

In accordance with SCR-6, "Year 2000 Compliance", the inventory of all information technology, including embedded systems (i.e., microprocessor-based equipment) furnished under this contract which may be affected by the Year 2000 compliance requirement shall contain the following information:

- a. Contract number, project title, name of contractor
- b. Equipment name/label
- c. Indication on whether the information technology is currently Year 2000 compliant or requires an upgrade for compliance prior to government acceptance
- d. Manufacturer's model/serial number and date manufactured
- e. Specific location of equipment, i.e., building/room number
- f. If equipment is a controller only, indicate what other equipment is controlled by this controller
- g. Interoperability: identify any other equipment that is sending/receiving information to monitor or control said equipment
- h. If a PC, including laptop, is required to program, update data, etc., of said equipment, provide PC specifications, operating software name and version number
- i. Method used to determine Y2K compliance, i.e., field test, manufacturer's Statement of Compliance, etc.

VALUE ENGINEERING CONTRACTOR PROPOSAL - VECP (AUG 86)

- a. Reference the Contract Clause "VALUE ENGINEERING - CONSTRUCTION."
- b. After receipt of an approved VECP modification signed by the Contracting Officer, the Contractor may include its share of the Instant Contract Savings as part of the next scheduled Progress Payment estimate.
- c. Payment of the Contractor's share of the Instant Contract Savings may be withheld at the discretion of the Contracting Officer, until a revised NAS or BAR CHART for the affected activity has been submitted and approved.

TASK AND DELIVERY ORDER CONTRACT OMBUDSMAN

FAR 16.505 (b)(6) states "The head of the agency shall designate a task order contract and delivery order contract ombudsman who shall be responsible for reviewing complaints from contractors on task order contracts and delivery order contracts. The ombudsman shall review complaints from the contractors and ensure that all contractors are afforded a fair opportunity to be considered, consistent with the procedures in the contract. The ombudsman shall be a senior agency official who is independent of the contracting officer and may be the agency's competition advocate."

For all U.S. Army Corps of Engineer Activities the ombudsman is Mr. C. Wayne Hardin, Office of Principle Assistant for Contracting (OPARC).

CONTRACT PERIODS

Base Period – The base contract period shall be from date of contract award through 365 calendar days or an estimated maximum amount per year of \$750,000.00.

Four Option Periods - The contract period for each option period exercised shall be from the date of award of option through 365 calendar days or an estimated maximum amount per year of \$750,000.00.

It should be noted that if the estimated maximum base period or option period contract amount is reached before the completion of the base period and/or option period, the Government reserves the right to exceed the estimated

maximum base period and/or option period amount. However, the Government will not exceed the total contract not to exceed amount of \$3,750,000.00.

MINIMUM GUARANTEED AMOUNT QUALIFICATION

The Contractor shall be paid a Guaranteed Minimum of \$15,000.00 (base period) or \$7,500.00 (option period), only if work equal to or exceeding the Guaranteed Minimum is not ordered in the base period of the contract or any option period exercised by the Government. Funds other than the stated Guaranteed Minimum shall be obligated by issuance of individual task orders and not by this contract.

The appropriate military/civil fund availability evidence shall be cited on each task order issued under the contract. The aggregate total of all task orders issued hereunder shall not exceed \$3,750,000.00 during the life of the contract.

OBLIGATION OF FUNDS

This is an indefinite delivery/indefinite quantity contract. Therefore, only the Guaranteed Minimum amount for the base period (\$15,000.00) will be obligated with the award of the contract. Additional funds will be made available as individual "Task Orders" are issued and executed by the Contracting Officer or his/her authorized representative. Under no circumstances shall a contractual commitment exceed the dollar amount shown on individual task orders without written modification authorized and approved by the Contracting Officer or his/her representative. The Guaranteed Minimum is \$7,500.00 for each option period will be obligated at the time the option is exercised.

ORDERING:

1. Any supplies and services to be furnished under this contract shall be ordered by issuance of task orders by the individuals or activities designated in the letters of appointment.

2. All task orders are subject to the terms and conditions of this contract. In the event of conflict between a task order and this contract, the contract shall control.

3. If mailed, a task order is considered "issued" when the government deposits the order in the mail. Orders may also be by written telecommunications (i.e., facsimile, email, etc.).

4. Delivery or performance shall be made only as authorized by orders issued in accordance with the "Ordering" Clause. The Contractor shall furnish to the Government, when and if ordered, the supplies and services specified in the schedule up to and including the quantity designated in the schedule as the "maximum".

5. Except for any limitations on quantities in the "Delivery Order Limitations" clause or in the schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring multiple services at multiple destinations or performance of like services at multiple locations.

6. Any order issued during the effective period of this contract and not completed within that time period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed within the contract's effective period; provided however, that the Contractor shall not be required to perform any services under this contract after a period of 90 calendar days following the contract termination date.

7. Orders issued up to the contract minimum guarantee (for the base year period of performance and each option year period of performance exercised by the Government) will not require additional bonding protection (as those bonds are to be provided to the Government by the Contractor in accordance with the timeframes established for contract award). Unless another Supplemental Agreement is made, all orders issued that exceed the contract minimum guarantee may require additional bonding protection (performance and payment) in accordance with FAR 52.228-2, prior to the Contractor commencing any of the work identified under the task order. The Contractor shall provide such documentation within ten (10) calendar days of issuance of the order to the Contracting Officer. If the penal sum of the performance and

payment bond provided for the base period of performance is exhausted, additional bonding protection for the minimum guarantee for each option year period of performance exercised by the Government will be provided by the Contractor within ten (10) calendar days of award as requested by the Contracting Officer.

ORDERING OFFICERS - The following individuals are authorized to place task orders.

ORDERING OFFICER	NTE	PROJECT	PHONE NUMBER
Charles Burger	\$50,000	Mid Brazos Project Office	254-622-3332
Ronald Bruggman	\$50,000	Whitney Lake Office	254-622-3332

AVAILABILITY OF FUNDS

Funds for the minimum guarantee will be obligated by this basic contract. Additional funds will be made available as individual "Task Orders" are issued and executed by the Contracting Officer or a representative. Under no circumstances shall a contractual commitment exceed the dollar amount shown on individual task orders without written modification authorized and approved by the Contracting Officer or a representative.

TASK ORDERS PROCEEDURES:

Step 1: Prior to issuance of a Task Order (TO) the Contractor (or his/her representative) and the Governments representative (i.e., COR) shall meet at the proposed job site. The Contractor will be provided maps, drawings, and/or "on the ground" instructions of the work to be performed for the specific task order.

Step 2: A written list detailing the materials, services, equipment and a completion date needed to perform the TO shall be establish. The estimates shall not be based on dollar amounts, but rather on the number of units required for each service need to accomplish the work.

Step 3: After an agreement of the equipment, services and materials has been reached as a fair and reasonable estimate, this information shall be recorded on a "Price Negotiation Memorandum (PNM)" (with attachments as needed). This PNM may be dated and signed by both the Government and the Contractor. Once the PNM is completed a Task Order may be issued.

Step 4: Upon completion and acceptance of the job as specified in the TO, the Contractor shall be paid the amount shown on the TO with any Modification thereto. The price shall be full compensation for furnishing all labor, tools, equipment, materials (as required), and incidentals necessary to complete all work specified.

ADDITIONAL BONDING INFORMATION

- a. Unless requested by the Contractor in accordance with FAR 52.232-5(g), the premiums paid for performance and payment bonds associated with the contract award will be reimbursed on a task order basis based on the value of the task order in accordance with the per unit price established in the bidding schedule. The Contractor shall submit a line item bid price to reflect costs for bonding per \$1,000.00. The bid item shall be applied and listed separately on each task order when issued, based on the cost of the construction services.
- b. The premiums paid for performance and payment bonds will not exceed the amount established in the bidding schedule. Upon verification of the bonding premiums as annotated on Standard Form 25 and 25A, the Government may modify the contract to reflect a decrease in the amount bid. The Economic Price Adjustment Factor for Option Years will not be applied to the bid item for bonding.

CONTRACT ADMINISTRATION (52.0000-4017 I)

(1.1) The office listed under (a) below may issue task orders under this contract. Inspection and acceptance of the supplies and services of construction covered by this contract will be located at the office listed under (b) below and will be the same as where the work was actually performed. The Administering Contracting Office is located at the office listed under (c) below and payment will be made by the office listed under (d) below. Invoices shall be submitted, in triplicate (one copy shall be marked "Original"), to the addressee in paragraph (d). Payment will be made upon completion of work and acceptance by the Government in accordance with the terms of the contract.

(a) Issuing Task Orders

Mid-Brazos Project Office
P.O. Box 5038
Laguna Park Station
Clifton, Texas 76644-5038

(b) Inspection and acceptance of supplies, services, or construction

I. Whitney and Aquilla Project Office
P.O. Box 5038
Laguna Park, Texas 76644-5038

II. Waco Project Office
Route 10, Box 173-G
Waco, Texas 76708-9602

III. Proctor Project
Route 1, Box 71-A
Comanche, Texas 76442-9210

IV. Somerville Project Office
P.O. Box 549
Somerville, Texas 76708-9602

V. Hords Creek Project Office
HCR Box 33
Coleman, Texas 76834-9320

(c) Administering Contract Office

U.S. Army Engineer District Fort Worth
P.O. Box 17300
ATTN: CESWF-CT-CB
Fort Worth, Texas 76102-0300

(d) Payment Office

Disbursing Office
USACE Finance Center
ATTN: CEFC-AO
5700 Integrity Drive
Millington, TN. 38054-5005

COMMENCEMENT, PROSECUTION AND COMPLETION OF WORK (FAR 52.211-10)(APR 1984)

The Contractor shall be required to (a) commence work under this contract within the time stated in the schedule below after receipt of a task order, (b) prosecute the work diligently and complete the entire work ready for

use not later than the **calendar days** stated in the schedule below. "Receipt of Task Order" shall be deemed to be 5 days after date of issuance as reflected in block 3 of DD Form 1155 unless hand delivered. If hand delivered "Receipt of Task Order" shall be the date acknowledged by the Contractor at the time of hand delivery. The time stated for completion shall include final cleanup of the premises.

SCHEDULE TO DETERMINE PERFORMANCE TIME

Prior to issuing a Task Order the Job Site Superintendent and Lake Personnel may establish a written list detailing the materials, services, equipment and a completion date needed to perform the job task. The following schedule may be used as a guide:

SCHEDULE TO DETERMINE PERFORMANCE TIME

Value of Delivery Order(in dollars)	Material List**	Mobile-zation Time***	Performance Period Time	Total Completion
2,500 - 10,000.00	5 Days	3 Days	7 Days	15 Days
10,001- 20,000.00	5 Days	6 Days	14 Days	25 Days
20,001- 30,000.00	5 Days	10 Days	20 Days	35 Days
30,001- 40,000.00	5 Days	15 Days	25 Days	45 Days
40,001- 50,000.00	5 Days	20 Days	30 Days	55 Days
50,001- 75,000.00	5 Days	25 Days	40 Days	70 Days
75,001- 100,000.00	5 Days	30 Days	60 Days	95 Days
100,001- and Over	5 Days	30 Days	*70 Days +	105 Days+

* An additional 10 days may be added to the work time for each \$10,000.00 value of the task order or to allow sufficient time to secure additional bonding protection (performance and payment) for issued task orders that exceed the penal sum of the existing bond.

** The Contractor shall furnish the COR a list of required Government furnished materials prior to starting any work. Differences from the COR list shall be resolved prior to initiation of work.

***The mobilization time listed in schedule is maximum time Contractor may take to initiate work under a specific task order. Any unused mobilization time will automatically be added to performance time for calculation of completion date.

"Receipt of Task Order" shall be deemed to be 5 days after date of issuance as reflected in block 3 of DD Form 1155. If hand delivered "Receipt of Task Order shall be the date acknowledged by the Contractor at the time of hand task.

6.2. LIQUIDATED DAMAGES: Each task order will be assigned a performance period as stated above under "Task and/or Performance Period." This performance period added to task order execution date and allowable weather delays (if applicable), shall determine a completion date for all specified work identified in each individual Task Order to be complete in accordance with contract technical provision. **Should the Contractor fail to complete specified work within this period, liquidated damages outlined herein may be assessed based on the following schedule.**

SCHEDULE TO DETERMINE LIQUIDATED DAMAGES

Value of Task Order (in dollars)	Damages/day of Late Performance (per Calendar day)
2,500 - 50,000	\$200.00
50,001 - 100,000	\$250.00
100,001 +	\$300.00

NOTE: The Contractor will **not** be held liable for Liquidated Damages when delay is caused by the Government.

TIME EXTENSIONS FOR UNUSUALLY SEVERE WEATHER (APR 1993) (ER415-1-15) (52.0001-4038 I)

This provision specifies the procedure for the determination of time extensions for unusually severe weather in accordance with the contract clause entitled "DEFAULT (FIXED PRICE CONSTRUCTION)".

The unusually severe weather must actually cause delay to the completion of the project. The delay must be beyond the control of and without fault or negligence of the Contractor.

Upon receipt of the Task Order the Contractor will record on the daily CQC report, the occurrence of adverse weather and resultant impact upon normally scheduled work.

Actual adverse weather delays will be calculated by the COR from actual on-site weather conditions. These subsequently occurring adverse weather days must prevent work for fifty (50) percent or more of the Contractor's workday and delay work critical to the timely completion of the Task Order.

A one-day time extension may be granted for each day of delay caused by adverse weather as described in the above paragraph. This time extension shall be granted by execution of a modification in accordance with the contract clause entitled "DEFAULT (FIXED-PRICE CONSTRUCTION)". If a disagreement arises between the Contractor and the Contracting Officer's Representative on actual weather delay days to be allowed on a Task Order, the Contracting Officer's Representative decision will be based on recorded weather data and will govern.

If unforeseen delays to the Contractor are experienced because of Government provided materials, these delays will be added on a case-by-case basis to the Task Order performance time. If a disagreement between the Contractor and the Contracting Officer's Representative develops, the Contracting Officer's Representative's decision will be based on the invoice/receipt records and the date of the Project/Contractor's pickup log. On such occasion, the Contractor shall be notified in writing.

Should an extended delay due to weather, such as flood conditions, result in the Contractor's inability to continue or complete previously issued Task Orders, the Contracting Officer's Representative shall issue a "Delay Order" to the Contractor which will extend or postpone the required completion date until such time that the remaining work can be accomplished without adverse affect.

ECONOMIC PRICE ADJUSTMENT FACTOR FOR OPTION YEARS

Adjustment to the base year unit prices (exclusive of the bonding premiums) for all option years will be in accordance with the following equation:

$$P1 = P \times f$$

Where P1 – New Unit Price
P - Unit Price for Base Year of Contract
f - Index factor

The index factor, f, shall be computed according to the following equation:

$$f = \frac{\text{CCI-C}}{\text{CCI-B}}$$

CCI is the Construction Cost Index as published by ENR Magazine, formerly called Engineering New Record. In computing f, the CCI-C may be located on the Market Trends page of the ENR current issue at the time the option is exercised. The CCI-B is the base reference for the month in which the basic contract was awarded. (Currently published annually in last issue in March). If ENR changes the index base year(s), the base reference used herein will be adjusted to accommodate new CCI-C(a). If the CCI-C ceases to be published the parties shall agree on substitute indices.

Example Calculation:

Base Period Contract awarded: May 1996
Option Period exercised in: May 1997
Unit Price for the Base Period was: \$1.50 per unit

Therefore: $f = \frac{\text{CCI-C (May 1997)}}{\text{CCI-B (May 1996)}} = \frac{5572}{5433} = 1.026$

Adjusted unit price for the option period would be:

$\$1.50 \times 1.026 = \1.54 per unit
