BIDDING SCHEDULE (cont)

NOTES:

1. ARITHMETIC DISCREPANCIES: (1989 JUL)

(a) For the purpose of initial evaluation of bids, the following will be utilized in resolving arithmetic discrepancies found on the face of the bidding schedule as submitted by bidders:

(1) Obviously misplaced decimal points will be corrected;

(2) In case of discrepancy between unit price and extended price, the unit price will govern;

(3) Apparent errors in extension of unit prices will be corrected; and

(4) Apparent errors in addition of lump-sum and extended prices will be corrected.

(b) For the purposes of bid evaluation, the Government will proceed on the assumption that the bidder intends his bid to be evaluated on the basis of the unit prices, extensions, and totals arrived at by resolution of arithmetic discrepancies as provided above and the bid will be so reflected on the abstract of bids. (EFARS 14.406-2)

2. If a modification to a bid based on unit prices is submitted, which provides for a lump sum adjustment to the total estimated cost, the application of the lump sum adjustment to each unit price in the bid schedule must be stated. If it is not stated, the bidder agrees that the lump sum adjustment shall be applied on a pro rata basis to every unit price in the bid schedule.

3. Bidders must bid on all items.

4. Costs attributable to Division 01 - General Requirements are assumed to be prorated among bid items listed.

5. Responders are advised that this requirement may be delayed, canceled or revised at any time during the solicitation, selection, evaluation, negotiation and/or final award process based on decisions related to DOD changes in force structure and disposition of the Armed Services.

6. For the purpose of this solicitation, the word "item" shall be considered to mean "schedule" as used in Provision 52,214-0019, CONTRACT AWARD--SEALED BIDDING--CONSTRUCTION, in Section 00100 INSTRUCTIONS, CONDITIONS, AND NOTICES TO BIDDERS, excluding additives, deductives or options

7 EVALUATION OF OPTIONS (JUL 1990) (FAR 52.217-5)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

BIDDING SCHEDULE (cont)

8 OPTION FOR INCREASED QUANTITY - SEPARATELY PRICED LINE ITEM (MAR 1998)
(FAR 52.217-7)

The Government may require the completion of the numbered line item, identified in the Bidding Schedule as an option item, in the quantity and at the price stated in the Bidding Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within the period specified in the Bidding Schedule. Completion of added items shall continue at the same schedule as the Base Bid unless otherwise noted in the SPECIAL CONTRACT REQUIREMENTS, paragraph 1 entitled COMMENCEMENT, PROSECUTION AND COMPLETION OF WORK.

9. The Government reserves the right to exercise the option(s) either singularly or in any combination for up to **180** calendar days after award of the Base Bid without an increase in the Offeror's Bid Price.

10. ABBREVIATIONS

For the purposes of this solicitation, the units of measure are represented as follows:

EA (Each)

BIDDING SCHEDULE (cont)

11. DESCRIPTION OF BID ITEMS

0001 Structural repair and paint gate #1:

Repaint all exposed metal surfaces on the six tainter gates including upstream and downstream surfaces, trunnion girders and supporting structure.

Perform non-destructive examination (NDE) of existing welds.

Replace the side seals and rollers on both sides of gate.

Install anodes.

Install new dogging pads on both ends of the top and middle girders.

Remove the remnants of the ladders.

Retension the hoisting cables.

Repair and repaint both dogging hooks.

Replace selected deteriorated and damaged secondary members.

Repair selected steel parts and members using heat straightening.

Attach new cover plates to the outer two skin plate ribs, the skin plate ribs below each lower girder, and to the outer two end frame braces.

Repair the corroded posts on both trunnions.

Repair the webs of the secondary members on both end frames and x-frames.

0001AA Repair pits on the skin plate that are over 1/8" deep as directed by the contracting officer.

Repair and repaint both dogging hooks.

Replace selected deteriorated and damaged secondary members.

Repair selected steel parts and members using heat straightening.

Attach new cover plates to the outer two skin plate ribs, the skin plate ribs below each lower girder, and to the outer two end frame braces.

Repair the corroded posts on the right trunnion.

Repair the webs of the secondary members on both end frames and x-frames.

0006AA Repair pits on the skin plate that are over 1/8" deep as directed by the contracting officer.

BIDDING SCHEDULE (cont)

0007 Repair and Paint Bulkheads:

Repaint the bulkheads with system xx.

Replace the side and bottom seals

Replace the bulkhead rollers

0008 Fabricate and paint one new pick-up beam.

0009 Mobilization & Demobilization. (Am#1)

0010 Final record drawings.

Produce final record drawings in MicroStation J format.

0011 Warranty Work

Performs the construction warranty within the timeframes specified under Contract Specifications Section 01770 CONTRACT CLOSEOUT, paragraph "Contractor's Response to Construction Warranty Service Requirements."

BIDDING SCHEDULE (cont)

0012 Option 1: Rework the Machinery.

Repaint the machinery.

Relubricate the machinery and their bases.

Replace the lineshaft bearings, lineshaft bearing housings, and lineshaft bearing stands.

Replace the machinery access covers.

Repair the handrailing on the site

Item deleted (Am#1).

Repaint the catwalks, handrails and security fence

0013 Option 2: Rework the Overhead Crane.

Repaint the crane girders and support frames

Install new fall protection on the overhead crane frames

Repair three column bases on the overhead crane frames

Replac the cables

Install a new ladder, portal frame, and platform. (Am#3)

0014 Option 3: Providing and Installing New Handrails on the Piers. (Am#1)

Provide and install new handrails on the Piers.

0015 Option 4: Replace Lighting, Receptacles, Conduit/Conductors, Circuit Breakers, and the Transformer. (Am#1)
